EURAXESS BRAZIL Funding opportunities

Dear Colleagues,

As you know, the new EURAXESS Portal brings new functionalities to researchers, entrepreneurs, universities and businesses. Amongst them, you will find a brand new Funding database allowing you to search for the funding programme you need for your mobility or research cooperation project. Funding organisations can publish their funding opportunities and scholarships in it to increase their visibility and reach the best candidates worldwide.

We will continue publishing a compilation of open calls to fund researchers' mobility and cooperation with European teams in the coming months to help you identify these opportunities easily. Nevertheless, the frequency may be reduced. This edition is valid for March and April.

The grants & fellowships listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality and stay at your disposal to discuss your project.

Your EURAXESS Brazil Team

EURAXESS Brazil Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS Brazil team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegation of the European Union to Brazil.

Please email brazil@euraxess.net with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Grants & Fellowships

1 European Union

1.1 Horizon 2020 – Work programme 2018-2020 and List of calls particularly interesting for Brazil!

The European Union’s Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published. SEE HERE FOR CALLS SPECIFICALLY OPEN TO BRAZIL.

Horizon 2020 is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports scientifically-excellent research, innovation, and technological development, through collaborative research projects as well as grants and fellowships to individuals. It is open to the world, so Brazilian researchers are very welcome to get involved.

Horizon 2020 offers a large variety of funding opportunities for research and innovation activities through calls for proposals that are set out in the Horizon 2020 work programme. Access all open calls on the Horizon 2020 Participant Portal by entering the Topic ID of the call in the search engine (top-right corner of page).

The Brazilian National Council of State Funding Agencies (CONFAP) encourages the participation of Brazilian researchers under Horizon 2020 calls. Several FAPs (FAPESP, FAPESC, FAPEG, FAPEMIG, FAPDF, Fundação Araucária, FUNDECT) expressed interest in funding researchers from their states to support their participation in H2020 calls and published guidelines with instructions to this end.

1.2 MSCA Co-Funding of regional, national and international programmes (COFUND): Call expected on 12 April 2018

Aims to stimulate regional, national or international programmes to foster excellence in researchers' training, mobility and career development, spreading the best practices of Marie Sklodowska-Curie actions.

The COFUND call is open to European research (funding) institutions. Brazilian organisations can be partner organisations in a proposal. COFUND supports many high-quality fellowships or doctoral programme positions, which include transnational mobility.

Brazilian researchers can apply directly to COFUND positions advertised on the EURAXESS job portal throughout the year.

April 2018 | Issue 17 | Page 5 of 33
1.3 **Marie Skłodowska-Curie Individual Fellowships (IF)**  
- call expected on 12 April 2018.

IF aims at supporting the international mobility of researchers within (European Fellowships) and beyond Europe (Global Fellowships) as well as helping to attract the best foreign researchers to work in the EU. The grant usually covers two years’ salary, a mobility allowance, research costs and overheads for the host institution.

**WHO?** experienced researchers of any nationality, i.e. researchers holding a doctoral degree or at least four years’ full-time research experience by the time of the call deadline.

Individual researchers submit proposals for funding in liaison with their planned host organisation. Proposals are judged on their research quality, the researcher’s future career prospects, and the support offered by the host organisation.

**Researchers based in Brazil** can apply for a European fellowship to perform a research stay of up to 2 years in Europe, choosing to apply either for a re-integration grant, a scientific grant or a society & entreprise grant in the non-academic sector.

**Researchers based in Europe** can apply for a global fellowship to carry out research in a third country such as Brazil and return to Europe. They can also apply to a European fellowship for mobility within the EU or associated countries (EU/AC).

**Research institutions from Brazil** are eligible to host post-doctoral researchers coming from the European Union and Associated countries.

**Deadline:** 12 September 2018.

1.4 **ERC Advanced Grants:** Call expected on 17 May 2018

ERC Advanced Grants are long-term funding to pursue ground-breaking high-risk projects. They are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is open to researchers of any nationality who intend to conduct their research activity in any European Member State or Associated Country.

The ERC’s frontier research grants operate on a ‘bottom-up’ basis without predetermined priorities. The call applies to each of the three main research domains:

- Physical Sciences & Engineering
- Life Sciences
- Social Sciences & Humanities

**Eligibility:** any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

**Location:** research must be conducted in a public or private research organisation (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU Member States or Associated Countries

**Funding:** up to € 2.5 million per grant (up to € 3.5 million in some cases)
Duration: up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal.

Deadline: **30 August 2018**. For more details on Advanced grants, see [ERC website](http://erc.europa.eu).

**Important notice: Time to spend on the project**

Researchers applying for ERC-funding must be strongly committed to the project and spend a significant amount of time on it. However, it is not obligatory to spend 100% of your time in Europe whilst carrying out the ERC-funded research.

For Advanced Grants, the Principal Investigator should devote at least 30% of her/his working time to the ERC project and spend at least 50% of her/his total working time in a **EU Member State** or **Associated Country**.

1.5 [EURAXESS Jobs](http://euraxess.eu/

There are currently around 10489 research job positions (all over Europe, but also in other countries such as in Brazil and in all disciplines) announced on the [EURAXESS Jobs database](http://euraxess.jobs/). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).

#### 2.2 AUSTRIA (Austrian Academy of Sciences - ÖAW)

- PhD Fellowship programme including outgoing mobility

The DOC Fellowship Programme of the Austrian Academy of Sciences offers funding for highly qualified doctoral candidates from all nationalities and in all areas of research. The fellowships in the amount of 38 000 Euros allow young researchers to dedicate themselves to working in focused fashion to complete their doctoral thesis within a clear timeframe.

---

[http://ec.europa.eu/euraxess](http://ec.europa.eu/euraxess)
Applications for a DOC Fellowship are open to **doctoral candidates of all ages** who:

- completed their Diploma or Master’s degrees no more than two years ago,
- are writing their thesis at an Austrian university, and
- submit a project exposé and a reference from their doctoral supervisor.

**OUTGOING PHASE**: It is possible to arrange a stay abroad of up to 12 months in length within the framework of a DOC Fellowship.

There is **no deadline for submission**, applications can be submitted at any time and take six months to process.

### 2.3 BELGIUM - Ph.D. Grant at Université Libre de Bruxelles (ULB) (Incoming)

The department of Economic law, Centre of private law at Université Libre de Bruxelles offers a **full-time research grant for a 3 years period in order to write a Ph.D. thesis** (in English or French) on the general topic “Interactions between Intellectual Property Law (IP) and Artificial Intelligence (AI)”.

The first year of funding is considered “seed money”: it aims at giving the chosen candidate the possibility to further define his/her scientific project in order to obtain external funding beyond the initial 3 years period.

Duration: 1 year “seed money” grant (not renewable) followed by a 2 years grant (not renewable).

**Eligibility**

Applicants must hold a **Master Degree in Law** (120 Credits) or another degree deemed equivalent and fulfil the requirements of doctoral enrolment.

**Deadline**: **16 April 2018**
2.4 FRANCE - **Make our Planet Great Again 2018** (4 new funding schemes) (Incoming)

Four new programmes with the label "Make Our Planet Great Again" were launched in March 2018, supervised by Campus France and financed by the Ministry of Europe and Foreign Affairs (MEAE), and the Ministry of Higher Education, Research and Innovation (MESRI).

Three broad research themes are prioritised and are applicable to all 4 programmes: **Earth systems, climate change and sustainability, and the energy transition.**

1. **A part-financing programme for PhD contracts:**

   About 20 PhD students will receive financing for thesis starting in 2018.

   **Who may apply?**

   This call is open to French institutions of higher education and research, not to students in the first phase. The selected institutions will receive a co-financing subsidy of €50,000, payable over three years, to recruit and support a non-French doctoral candidate with a work contract.

   **Selection of doctoral candidates**

   Doctoral candidates will be selected by the supported French institutions.

   To be eligible, students must possess a **master's degree** or be enrolled in a master-level programme, **must not be French nationals**, and must not have resided in France after April 1, 2016.

   Candidates may be of **any age**. The doctoral contract must take effect no later than 31 December 2018, with a minimum gross monthly remuneration of €1 758.

   **NOTE**: International candidates: You do not need to apply at this stage. Applications will open on 4 June 2018.

2. **A part-financing programme of post-PhD contracts:**

   20 to 40 post-PhD students will receive financing for stays starting in 2018.

   **Who may apply?**

   Foreign researchers holding a **doctoral degree** are encouraged to respond to this call for proposals.

   Candidates must include with their application a letter from a French host institution agreeing to co-finance the candidate's research.

   Institutions hosting the selected researchers will receive co-financing in the amount of €2 083 per month to support the candidates’ research over a period. The postdoctoral contract must take effect no later than 31 December 2018.

   **Eligibility**

   Candidates of **any age with a doctoral degree** or expect to receive the degree by 30 June 2018. They must not be French nationals and must not have resided in France after 1 April 2016.

3. **A research short stay programme:**

   Mobility financing from **14 days to 5 months for PhD students or researchers in France.** At least 40 mobilities financed for stays solely in 2018.

   **Who may apply?**
Foreign research scientists are encouraged to respond to this call for proposals. Candidates must include with their application a letter from a host institution in France.

Eligibility

Candidates must possess or be working toward a doctoral degree and must be covered by an active research agreement or contract.

They must not be French nationals, and must not have resided in France after 1 April 2016. Candidates may be of any age.

The period of research in France must take place between 1 August and 31 December 2018.

4. A programme of excellence scholarships

Up to 1 060€/months for students who want to come for 2 years in Masters or a year in Masters 2 (degree equivalent to the grade of Masters'): about 50 scholarships in 2018.

Who may apply?

International students of any age may apply for support for one or two years of study toward a master’s degree by including in their application a letter of admission to a master’s programme (first or second year) at a French institution of higher education.

Eligibility:

Students must possess or be pursuing a French licence or an equivalent undergraduate degree (Bachelor), must not be French nationals, and must not have resided in France after 1 April 2016.

They must enroll in the master’s programme before 15 October 2018.

Funding:

Round-trip airfare will also be provided, as well as medical insurance and an annual lump-sum payment of €700 for educational expenses.

Deadline: 6 April 2018 for all programmes, except PhD applications: 30 March 2018

Find many other calls funded by the European Commission, Member states and associated countries and Brazil in the still open section below.
2.5 FRANCE - PREFALC call for projects 2018 between France, Latin America, & the Caribbean

WHAT IS FUNDED:

PREFALC offers co-financing for 2-year projects of up to € 25 000 and up to 40% of the total budget of a project.

RESEARCH FIELDS:

Agronomic and ecological sciences, physical and chemical sciences; Humanities and social sciences, digital humanities; Medical sciences, human biology; Mathematical Sciences ; Earth and universe sciences; Information and communication sciences; Engineering Sciences.

DURATION:

2 Years

ELIGIBILITY:

Eligible projects must include a French higher education institution (or a network of institutions) and at least two higher education institutions from different Latin American or Caribbean countries.

Deadline: 29 April 2018

2.6 FRANCE – PHD scholarship at University of Lille (Incoming)

Project title: Surface characterisation of catalysts for sustainable development using high-field (DNP)-NMR

A three-year PhD position in solid-state NMR spectroscopy of catalysts is available at the University of Lille, Lille, France. It can start from July 2018.

This project aims at developing and applying novel solid-state NMR methods to probe the local environment of quadrupolar nuclei at the surface of heterogeneous catalysts. The structural information obtained by solid-state NMR will be useful to improve the performances of these heterogeneous catalysts.

Eligibility:

National and international students who have graduated in physics or chemistry, preferably with a background in material sciences or NMR spectroscopy.

Deadline: 15 June 2018

2.7 GERMANY - German Chancellor Fellowships for tomorrow’s Leaders (Incoming)

The Alexander von Humboldt Foundation offers prospective leaders from Brazil, China, India, Russia and the USA the opportunity to conduct a project as guests of the partner of their choice in Germany.

With the support of their hosts, fellows can spend a year concentrating on a project they have chosen themselves and give their career a boost. German Chancellor Fellowships are open to an array of sectors such as politics, economics, the media, administration and culture.

Deadline to submit application: 15 September 2018.
2.8 GERMANY - **GSO Leadership Academy for Scientists and Researchers (Incoming)**

Are you a young German-speaking **scientist or researcher** and are about to take the next step in your career? Are you interested in pursuing a career in Germany?

The programme is designed to give 25 full scholarships to **25 outstanding researchers of all disciplines and all nationalities** who are about to take the next step in their career – as a junior group leader in science or industry, as assistance or full professor, as founder of a start-up or as someone taking responsibility in a research-related organisation.

In two intensive five day training phases that blend self-assessment, interactive group workshops, case studies, videos, and lectures with individual mentoring and coaching, participants will be able to develop the skills they need for the next big step in their careers. They will gain a better understanding of their personal approach to leadership, experience what it means to model leadership in research-related environments, and learn how they can further push their personal development. As a group they will motivate and surprise each other and forge essential professional bonds with each other and with key players in their field.

You can apply [here](#). Get inspired by the experiences of our Fellows from the Academy 2016/2017 [here](#). Contact: Dr. Anne Schreiter, German Scholars Organization e.V., academy@gsonet.org

**Deadline:** 27 May 2018

The purpose of the **postdoctoral fellowship grant** is to help young research scientists to develop their academic careers. The applicant must explain how the fellowship fits with previous work of the applicant, how it will enhance his/her career development, and provide information about future research plans after the grant period. If the grant recipient accepts another position during the grant period, the grant payments will be terminated at the start date of the new position.

**Research field:**
- Formal sciences
- Humanities
- Natural sciences
- Applied sciences
- Social sciences

**Funding**

The grant from the IRF may fund up to 100% of the total project cost. Approved expenses from the Icelandic research fund include: Salaries, operational expenses, travel expenses, contracted services, overhead expenses and facilities.

**Duration**

The maximum grant amount for projects is ISK 24 million for a 36-month project (approx. EUR 193 000), ISK 16 million for a 24 month project (approx. EUR 129 000), and ISK 8 million for a 12-month project (approx. EUR 64 000),
Eligibility

The eligible applicant must have obtained an invitation from a host institution, preferably different from the institution awarding the doctoral degree, prior to the submission deadline. Applicants for postdoctoral fellowships must have been awarded a doctoral degree within the past seven years before the grant application deadline.

Deadline: 15 June 2018

2.10ITALY - EURAC Federal Scholar In Residence (Incoming)

The programme funds a research stay of up to 3 weeks at the Institute for Comparative Federalism of the European Academy of Bolzano/Bozen (EURAC); Aims at weaving experts and their networks in order to develop and advance comparative federal and regional studies.

This annual programme welcomes applications from scholars and practitioners in federalism, regionalism and intergovernmental relations.

Deadline of submission: 1 July 2018

2.11ITALY - Fondazione IRCCS Istituto Nazionale dei Tumori: Inflow of foreign researchers (Incoming)

This international mobility programme is meant to be an essential tool for professional development throughout the stages of a researcher’s career and aims at facilitating training, the acquisition and development of new skills, and a process of knowledge transfer in the fields of experimental, translational and clinical research.

Funding for short-term visits (3-6 months) of foreign researchers to Istituto Nazionale dei Tumori (INT)’s Units: a maximum monthly reimbursement of € 2500 is granted for travel and accommodation.

Deadline: Applications are accepted at any time.

2.12ITALY (Università di Pavia) - CICOPS Scholarships 2018 (Incoming, short-term)

2.22 SWITZERLAND - Friedrich Miescher Institute for Biomedical Research, International PhD Programme, Spring Call 2018 (Incoming)

The FMI International PhD Programme offers advanced, interdisciplinary training in epigenetics, neurobiology, and quantitative biology on a wide variety of topics.

PhD students admitted to the programme pursue research projects developed together with their Group leader, with support from the FMI technology platforms in, for example, imaging, genomics or bioinformatics. Numerous theoretical and practical training programmes are available both at the FMI and at the University of Basel, and the Basel/Zurich life science community provides exceptional local opportunities for further scientific interactions.

Funding

Selected candidates receive full fellowships with social benefits and are awarded with funds to participate in scientific meetings or for the acquisition of a laptop.

Duration

A course of study at the FMI leading to a PhD degree of the University of Basel typically lasts 4 years.

Eligibility

Applicants must hold, or anticipate receiving before enrollment, a university degree that would formally qualify them to enter a PhD or equivalent program in their home country (MSc., Diploma, DEA etc.).

Deadline: 1 May 2018

2.23 UK – The Royal Society’s International Collaboration Awards (Incoming)

As part of the Global Challenge Research Fund (GCRF), the Royal Society has launched an award to enable outstanding UK research leaders to develop international collaborations with the best leading researchers from around the world, to work on some of the global challenges and problems facing developing countries.

Duration:

Up to three years

The objectives of these challenge awards are to:

- Support the development of sustainable collaborative partnerships between outstanding researchers in the UK and the best research groups in developing countries to generate new approaches to the most significant and complex problems faced by developing countries.
- Strengthen research capacity in developing countries through collaboration, sharing of knowledge and skills and exchange of staff between research groups in the UK and their partners in developing countries.
- Attract outstanding international scientists from developing countries and their teams to work with the UK’s best universities and research institutions. 
- Support the research of the best UK scientists working in fields relevant to the Global Challenges to formulate new approaches to global development problems.
The proposed research must fall within the remit of the Royal Society (the natural sciences including engineering). The Royal Society does not cover social sciences or clinical medical research.

Eligibility:
The UK applicant and overseas co-applicant must both be research leaders of international standing with an established track record in their field of research, and typically have a minimum of 8 years of active post-PhD research experience.

Deadline: 3 May 2018

2.24UK – **University of Cardiff Ursula Henriques Scholarship** (Incoming)

The Professor URQ Henriques Scholarship Fund supports postgraduate students. Now in its 16th year, the legacy rotates annually between the Schools of English, Communication and Philosophy, History, Archaeology and Religion, and Modern Languages.

In 2018-19 the award is with the School of English, Communication and Philosophy and has been used to create on a competitive basis two one-year partial fee scholarships of £2 500 for postgraduate applicants holding an offer of a place on a PhD or MA programme in the School to commence in the academic year 2018-19.

Deadline: 31 May 2018

2.25UK - **Leverhulme Trust Visiting Professorships** (Incoming)

The Leverhulme Trust Visiting Professorships are awarded to UK institutions that wish to invite an eminent researcher from overseas to enhance the knowledge and skills of academic staff or the student body within the host institution.

Applications in all subject areas are considered with the exception of clinical and pharmaceutical research.

The scheme covers maintenance, travel expenses and research costs. Visiting Professorships can last for 3 to 12 months.

WHO? Applications must be made by a member of academic staff, based in the UK. The host institution must agree to administer the grant, and to provide appropriate facilities for the Visiting Professor.

Deadline: 10 May 2018

2.26UK - **Wellcome Intermediate Fellowships in Public Health and Tropical Medicine** (Incoming)

This scheme enables high-calibre, mid-career researchers from low- and middle-income countries, including Brazil, to establish an independent research programme.

Research should be aimed at understanding and improving public health and tropical medicine of local, national and global relevance. Public health and tropical medicine cover a wide range of health problems, including communicable and non-communicable diseases.
This fellowship is part of a series of career awards aimed at building sustainable capacity in areas of research that have the potential for increasing health benefits for people and their livestock in low- and middle-income countries.

Next deadline: 9 May 2018 (applications are twice a year)
