Declaration of Endorsement and Commitment to the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

The Faculty of Pharmacy, represented by the Dean, doc. PharmDr. Ing. Radka Opatřilová, Ph.D., MBA, fully endorses the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

Having endorsed the 40 principles of Charter and Code, we notify you about our commitment to implement these principles via the Human Resources Strategy for Researchers (HRS4R) in our institution.

A continuous enhancement of, amongst others, working conditions, motivational environment and career opportunities is one of the top priorities of the faculty. We therefore welcome the opportunity of internal analysis in the framework of the HRS4R to map the actual situation and aim at embedding the subsequent process in our institution's human resources policy.

By implementing the Charter and Code principles we aim at attracting the most outstanding researchers within the European Research Area and beyond.

Yours sincerely,

Radka Opatřilová
