**Commitment of the Faculty of Law of the University of West Bohemia to**

*„The European Charter for Researchers“*

and

*„The Code of Conduct for the Recruitment of Researchers“*

The Faculty of Law (FPR), represented by its dean, doc. JUDr. Jan Pauly, CSc., as a part of the University of West Bohemia in Pilsen, represented by its rector, doc. Dr. RNDr. Miroslav Holeček, welcomes and supports the initiative of the European Commission to ensure a supportive research environment for researchers on mobility.

Having endorsed the 40 principles of Charter and Code, we notify you about our commitment to implement these principles at our institution via the Human Resources Strategy for Researchers (HRS4R).

FPR is one of the leading research faculties at national level, with an increasing international outreach.

A continuous enhancement of, amongst others, work conditions and career opportunities is one of the top priorities of our university. We therefore welcome the opportunity of internal analysis in the framework of the HRS4R and aim at embedding this process in the wide array of current activities in our institution's human resources policy.

By implementing the Charter and Code principles our university aims at attracting the most outstanding researchers within the European Research Area and beyond.
