Subject: Declaration of Commitment to the Recommendation of the European Commission on the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers

The University of Macedonia welcomes and fully supports the initiative of the European Commission reflected in the Commission's Recommendation of 11th March 2005 on the *European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers*.

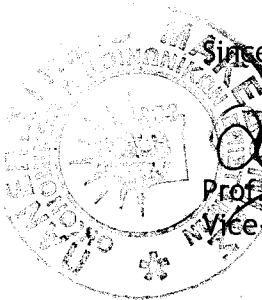

In line with the above, we are pleased to inform you that during the 18th Meeting of the Senate of the University of Macedonia, which took place on 16.04.2012, the principles laid out in the Charter & Code were unanimously adopted.

Several of the general principals proposed in the Charter and in the Code have long been common practice at the University of Macedonia, therefore we are very pleased for having now the opportunity to adhere to them officially.

By implementing the Charter & Code principles, the University of Macedonia intends to contribute to the realization of an open attractive European Labour market for researchers.

Sincerely,

Prof. Christos Constantatos
Vice-Rector for Academic Affairs and Personnel
